or nearly four decades, those who entered through these doors have encountered a tradition of excellence. Students, teachers, staff members and the community have worked together to produce an atmosphere conducive for optimal learning. Graham High School has consecutively given us champions in athletics and academics.

Over the past several years the G-Star has become the symbol for our school. The star behind the G not only serves as a beacon to keep us on the path of excellence, but it also reminds us that we must continue to reach forward to the heavens as we set our goals.

The traditions of excellence have been born in the past. We eagerly accept the responsibility passed on by those who have come before us, and we pledge to continue their journey toward excellence.

Yes, Graham High School, this is who we are, and . . . here is what we do.

Dr. Charles Grindstaff — Principal

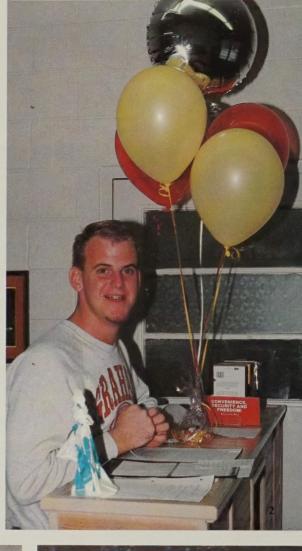

And Here Is What We Do . . .

WESELL FOR LESS!

BEFORE YOU SIGN THIS AUTOGRAPH,

In ten years, I want to be:

THINK ABOUT WHAT YOU'RE GOING TO SAY.

Deciding on a career may seem like something you can always put off until tomorrow. But the best time to begin planning your future is now. Because the earlier you start studying for your career, the better your chances of being successful.

Careers in health care can be rewarding, both personally and financially. The opportunities for advancement are excellent, and good jobs are available almost anywhere you choose to go.

Training for the health related fields listed below is available through local colleges. And Princeton Community Hospital can provide student loans to assist with your education in some health-related careers.

MEDICAL TECHNOLOGIST—Provides vital analysis to the physician for use in diagnosing illnesses.

RADIOLOGY THERAPIST—Provides diagnostic information through the use of x-ray equipment.

RESPIRATORY THERAPIST—Provides vital diagnostic testing and therapy for cardiac and respiratory patients to aid in their recovery

REGISTERED NURSES —Provide direct care for the health and well-being of all patients.

If you are interested in a health-related career, contact the Human Resources Department at Princeton Community Hospital at 487-7507 or 325-5459, ext. 507.

todays... and future expectations become realities—graduation, a job, college, a home—you assume new responsibilities.

Just as we do. Because when customers need electric service, we are obligated to provide it.

And we always knew that you and your classmates might one day be our customers. That's why we started planning for today ten years ago, so that we could provide electricity for the lifestyle you choose.

We hope we can supply electricity for all your tomorrows, too.
